C. JUSTIFICATION FOR AWARDS

Due to the magnitude of work and time restraints of funding sources, the bidding documents defined the intent of the Department of Public Works to award more than one contract under this bid. The bidding documents indicated that these contracts may not be identical. The document stated that the Department of Public Works will award work under this contract on a project-by-project basis. Selection will be based on each project's estimated quantities, the contractor's bid, and for subsequent task orders, the contractor's work performance, and the contractor's ability to do the work.

The initial Department recommendation was to award to seven lowest and responsive bidders. After further review by the Department of Procurement, two (2) additional bidders were deemed non-responsive. The Department of Public Works was notified of this bidder status on July 27, 2009.

Based on a review of the FY 2010 construction capacity needs within the Department of Public Works, The Department recommends an award of this annual work to the five responsive contractors.. This multiple award recommendation will provide the Department with the construction capacity as well as the ability to assigned projects based on the lowest unit pricing of specific contractors for specific items of work Based on the revised bidder status and the current construction needs of the Department, DPW submits a revised recommendation, as follows:

- 1) **Tople Construction, Inc.** - Lowest responsive bidder. Department has recent satisfactory experiences with contractor on sidewalk and streetscape construction projects.
Task Order Amount, \$1,537,098.00
- 2) **SD&C, Inc**- Second lowest responsive bidder. Department has recent satisfactory experiences with contractor on sidewalk and streetscape construction projects.
Task Order Amount, \$1,509,810.62

- 3) **Precision 2000, Inc.** - Third lowest responsive bidder. Department has recent satisfactory experiences with contractor on sidewalk, streetscape, and road construction projects.
Task Order Amount, \$1,526,681.67
- 4) **Kemi Construction, Inc.** - Fourth lowest responsive bidder.
Task Order Amount, \$601,666.00
- 5) **CP Richards Construction** – Fifth lowest responsive bidder.
Task Order Amount, \$719,044.40
